

AHR EXPO 2020 Product Information

Laars Commercial Electric Boiler - NEW!

The Laars Commercial Electric Boiler is available with capacities from 30 to 300 KW (205 to 1025 MBH), ASME H-Stamp heat exchanger, Delta and Wye 3-phase constructions. A built-in digital temperature control provides automatic turndown as loads decrease, outdoor reset control and multi-boiler staging capability. Voltage packages: 208, 240, 480, and 600V 3-phase.

Laars Commercial Electric Boiler - NEW!

The Laars Commercial Electric Boiler is available with capacities from 30 to 300 KW (205 to 1025 MBH), ASME H-Stamp heat exchanger, Delta and Wye 3-phase constructions. An easy to use built-in digital temperature control provides automatic turndown as loads decrease, includes outdoor reset control and multi-boiler staging capability.

Other features include voltage packages of 208, 240, 480, 600-volt 3-phase, primary pump relay, utility load control provisions, and circuit breaker disconnect for each element. Optional building automation integration control packages for BACnet or LonWorks interface are also available.
