

AHR EXPO 2020 Product Information

Laars MagnaTherm® HTD Boilers and Volume Water Heaters – NEW!

The MagnaTherm® HTD line of condensing boilers and volume water heaters are available in six sizes from 1600 to 4000 MBH and includes Laars Linc® intuitive controls. Each unit is equipped with Tru Trac™ real-time O₂ trim compensation to maintain optimal performance, smooth 20:1 turndown and AHRI certified 95%+ thermal efficiency.

Laars MagnaTherm® HTD Boilers and Volume Water Heaters – NEW!

The MagnaTherm® HTD line of condensing boilers and volume water heaters are available in six sizes from 1600 to 4000 MBH and offer 20:1 turndown. Each unit is equipped with a stainless-steel condensing heat exchanger and Tru Trac™ real-time O₂ trim compensation. Ideal combustion air-to-fuel ratios are maintained producing optimal performance and an AHRI certified 95%+ thermal efficiency.

Included Laars Linc® intuitive control system with color touchscreen has an easy to navigate, icon driven interface that displays key performance measures, a quick start option, USB input for easy parameter upload, and can cascade up to eight units.
