

# AHR EXPO 2020 Product Information

## Laars Pennant® Boilers, Volume Water Heaters and Pool Heaters

Laars Pennant® boilers, volume water heaters and pool heaters are available in seven sizes from 500 to 2000 MBH, have 85% thermal efficiency, stage firing up to 4:1 and low NOx emissions. Pennant's Laars Linc® controls include color touchscreen, quick start option, and USB parameter transfer.

## Laars Pennant® Boilers, Volume Water Heaters and Pool Heaters

Laars Pennant® boilers, volume water heaters and pool heaters are available in seven sizes from 500 to 2000 MBH, in natural or LP gas, 85% thermal efficiency, stage firing up to 4:1 and qualify as low NOx emission.

Included Laars Linc® intuitive control system has an upgraded color touchscreen, an easy to navigate icon control structure, quick start option, USB input for parameter transfer, performance information displayed on home screen, and auto cascade setup for up to eight Pennant units.

Pennant's unique modular construction allows in-field heat exchanger conversion to accommodate for left or right gas piping and top and back venting.
