

## AHR EXPO 2020 Product Information

### PowerStor Series™ SS Indirect Water Heaters

Bradford White's PowerStor Series™ SS Single Wall Indirect Water Heaters deliver outstanding performance and superior corrosion protection. They feature a passivated 444 stainless steel tank and hourglass design heat exchanger for excellent First Hour Ratings. Pair with a Bradford White Brute™ boiler for an ideal hydronic system solution!

### PowerStor Series™ SS Indirect Water Heaters

Bradford White's PowerStor Series™ SS Single Wall Indirect Water Heaters deliver outstanding performance and superior corrosion protection. They feature a passivated 444 stainless steel tank and hourglass design heat exchanger for excellent First Hour Ratings. The low-restriction heat exchanger minimizes pressure drop. All models include the Hydrojet® Total Performance System to reduce sediment build-up. Available in 30 to 120 gal. capacities for residential and commercial applications. Pair with a Bradford White Brute™ boiler for an ideal hydronic system solution!
