**Bradford White Corporation earns  
2022 ENERGY STAR® Partner of the Year award**

*Top manufacturer in water heating and storage earns third consecutive  
honor as champion of utility energy efficiency*

**AMBLER, Pa.** – May 5, 2022 – [Bradford White Corporation](#), an industry-leading American manufacturer of residential, commercial, and industrial water heating and storage products, is proud to announce that it has received the 2022 ENERGY STAR Partner of the Year Award for Sustained Excellence from the U.S. Environmental Protection Agency and the U.S. Department of Energy.

“Receiving this award for the third year in a row is a testament to Bradford White’s consistent innovation when it comes to engineering, manufacturing and marketing energy efficient products,” said Carl Pinto, Jr., senior director of marketing communications for Bradford White. “Our company’s commitment to creating reliable, sustainable products that reduce energy consumption and carbon emissions helps commercial facilities managers and homeowners throughout North America make a real difference for our planet and save on their monthly energy bills, too.”

“We know it’s going to take all of us working together to tackle the climate crisis, and the 2022 ENERGY STAR award-winning partners are demonstrating what it takes to build a more sustainable future,” said EPA Administrator Michael S. Regan. “These companies are showing once again that taking action in support of a clean energy economy can be good not only for the environment, but also for business and customers.”

Each year, the ENERGY STAR program honors a group of businesses and organizations that have made outstanding contributions to protecting the environment through superior energy achievements. ENERGY STAR award winners lead their industries in the production, sale, and adoption of energy-efficient products, homes, buildings, services, and strategies. These efforts are essential to fighting the climate crisis and protecting public health.

Winners are selected from a network of thousands of ENERGY STAR partners. For a complete list of 2022 winners and more information about ENERGY STAR’s awards program, visit [energystar.gov/awardwinners](https://energystar.gov/awardwinners).

**About Bradford White Corporation**

**About ENERGY STAR**

ENERGY STAR® is the government-backed symbol for energy efficiency, providing simple, credible, and unbiased information that consumers and businesses rely on to make well-informed decisions. Thousands of industrial, commercial, utility, state, and local organizations—including more than 40 percent of the Fortune 500®—rely on their partnership with the U.S. Environmental Protection Agency (EPA) to deliver cost-saving energy efficiency solutions. Since 1992, ENERGY STAR and its partners helped American families and businesses avoid more than \$500 billion in energy costs and achieve more than 4 billion metric tons of greenhouse gas reductions. More background information about ENERGY STAR's impacts can be found at [www.energystar.gov/impacts](http://www.energystar.gov/impacts) and state-level information can be found at [www.energystar.gov/statefacts](http://www.energystar.gov/statefacts).
