

***Product Department Bulletin***

**PRENOTIFICATION - NEW PRODUCT: KwickShot® Tankless Electric Water Heaters**

Dear Valued Customer,

In the coming months, Bradford White will be launching the new KwickShot® Tankless Electric Water Heaters. We wanted to provide you the new product data ahead of time so that you can prepare your ordering and receiving systems.

This notice is intended to be a prenotification and is not the official launch. Supplied under the new product data link is a spreadsheet that contains the applicable product information, including SKU numbers, item descriptions, UPC numbers, shipping dimensions, and shipping weights.

If you are not the appropriate contact within your organization, please let us know who is so we can reach out to them and add them to future notifications.

Your company will receive a detailed product bulletin regarding the new models, inclusive of all features and benefits of the new addition to the product line at the time of the official product launch. That bulletin will also indicate when that product is available to order.

If you have any questions or require additional information prior to launch, please contact the Product Department at 844-235-4958 or [products@bradfordwhite.com](mailto:products@bradfordwhite.com)

**Built to be the Best®**
