**Bradford White Water Heaters earns 2021 ENERGY STAR®
Partner of the Year award**

Top manufacturer in water heating and storage is honored for the second consecutive year for excelling in the space of utility energy efficiency

AMBLER, Pa. — April 13, 2021 — [Bradford White Water Heaters](#), an industry-leading manufacturer of residential, commercial and industrial water heating and storage products, is proud to announce that it has received the 2021 ENERGY STAR® Partner of the Year Award from the U.S. Environmental Protection Agency and the U.S. Department of Energy.

“ENERGY STAR® is one of the most trusted voices for energy efficiency,” said Carl Pinto, Jr., senior director of marketing communications for Bradford White Corporation. “Being selected as Partner of the Year for two years in a row reflects Bradford White’s commitment to leading our industry in providing high-quality, energy efficient products.”

Each year, the ENERGY STAR® program honors a group of businesses and organizations that have made outstanding contributions to protecting the environment through superior energy achievements. ENERGY STAR® Award Winners lead their industries in the production, sale, and adoption of energy-efficient products, services, and strategies. These efforts are essential to fighting the climate crisis and protecting public health.

“ENERGY STAR® award-winning partners are showing the world that delivering real climate solutions makes good business sense and promotes job growth,” said EPA Administrator Michael S. Regan. “Many of them have been doing it for years, inspiring all of us who are committed to tackling the climate crisis and leading the way to a clean energy economy.”

Winners are selected from a network of thousands of ENERGY STAR® partners. For a complete list of 2021 winners and more information about ENERGY STAR®’s awards program, visit energystar.gov/awardwinners.

About ENERGY STAR®

ENERGY STAR® is the government-backed symbol for energy efficiency, providing simple, credible, and unbiased information that consumers and businesses rely on to make well-

informed decisions. Thousands of industrial, commercial, utility, state, and local organizations—including more than 40 percent of the Fortune 500®—rely on their partnership with the U.S. Environmental Protection Agency (EPA) to deliver cost-saving energy efficiency solutions. Since 1992, ENERGY STAR® and its partners helped American families and businesses avoid more than \$450 billion in energy costs and achieve 4 billion metric tons of greenhouse gas reductions.
