

## IMMEDIATE RELEASE

### **Bradford White supports Philabundance in fight against hunger with \$10,000 donation**

*Leading manufacturer continues partnership with local community organization and its ongoing efforts to eradicate food insecurity*

**AMBLER, Pa.** — Nov. 21, 2023 — [Bradford White Corporation](#), an industry-leading American manufacturer of water heaters, boilers and storage tanks, is providing critical support for the fight against hunger this holiday season with a \$10,000 contribution to [Philabundance](#).

The donation will help Philabundance's year-end food distribution program, which provides holiday food items to individuals and families struggling with food insecurity in the Greater Philadelphia area. Bradford White also donated to the Philabundance [Camp Out for Hunger](#) food drive event and will also be hosting food drives throughout the year to support the urgent need in the region.

"The holidays can be stressful for members of our community who are struggling financially," said Rebecca Owens, senior manager of communications at Bradford White. "Philabundance works hard to ensure that all of our neighbors have the opportunity to share a happy, healthy holiday season with their families and friends. We're proud to support them and their mission during this special time of year."

Philabundance was founded in 1984 with the simple belief that no one should go hungry while healthy food goes to waste. The organization's mission is to drive hunger from our communities today and to end hunger for good.
